

LIPA SIXTH FORM COLLEGE

Behaviour Policy

At LIPA Sixth Form College we expect high standards of behaviour. We encourage students to take responsibility for their own actions, both in and out of the college, and to consider their impact upon others. Students need to have a positive and orderly environment in which they can achieve success. In creating an atmosphere for achievement LIPA Sixth Form College has produced a policy statement regarding student behaviour and discipline. All students will sign a college behaviour agreement at induction.

Principles Which Determine Policy

Students need to know and understand boundaries of reasonable behaviour within which they can act. If they stray away from these boundaries, the college will respond with appropriate consequences.

Students need to develop a concept of discipline and self-respect. They will respect their college, the staff, the environment and each other.

All will understand the basic virtues of honesty, fairness and politeness.

However, we recognise the need for a range of carefully measured sanctions to reinforce our expectations when students let themselves down. These can range from a teacher conversation, to ultimately exclusion from the college. Any sanctions are applied fairly and with the strict understanding of the reason for the imposition.

Purpose of the Policy

We are a learning community. The purpose of this policy is to secure a positive climate for all to work and learn.
